Date: December 28, 2008.

To: CSE BUET Alumni Association Inc.

I like to express my heart-felt thanks to our alumni, CSE BUET Alumni Association Inc., who has donated USD 4500 (Four Thousand and Five Hundred) to purchase computers and accessories for the proposed Programming Contest Lab in Computer Science and Engineering Department of Bangladesh University of Engineering and Technology (BUET). The lab will be set up in the new building in the west palasi campus soon. The Programming Contest Lab will be exclusively used by the contestants of the department for programming practice, training, and competitions. This lab needs at least 40 computers, 1 server, 1 Data Projector, 1 Printer, 1 or 2 Network Switches, ACs, and other equipments and furniture to be complete. Being a public university in Bangladesh, BUET has funding problem to establish such an exclusive lab though it has been felt very much necessary to support our young talented programmers. I am proud to say that our alumni's donation has made us possible to start setting up the most needed lab. We appreciate your help very much. I request our alumni to contribute more in future to complete this lab and also in other areas to promote their beloved department and university.

Thank you.

03 JAN 2009

Dr. Md. Saidur Rahman
Professor and Head
Department of Computer Science and Engineering
Bangladesh University of Engineering and Technology
